DID YOU KNOW

The Union shall be given equal representation on a District-wide or Association-specific Safety Committee, as established by the District. The goal of such committee shall be to foster a safety conscious environment in the workplace. The Superintendent or his/her designee will ask for volunteers from the Union to participate on the Safety Committee. Agenda items may be submitted by the Superintendent or any member(s) of the Committee at least two (2) days in advance of the Safety Committee Meeting. Minutes of each meeting will be forwarded to each Committee member.

NOTES FROM THE PRESIDENT

Our persistent fight to secure a fair and equitable contract has proved worthwhile. At the start of this fight, I promised a living wage for all and we got it! This contract will be much different than ones of the past. We memorialized much needed language. We addressed many demands that were received. We continued to push the district to concede to our demands even though it brought consequences. Overall, this is a good contract for all!

I am not only excited but proud to deliver this tentative agreement to you. To be clear, this was not a one man show! The people on the negotiation committee were a big help and I could not have succeeded without their input, help and support. I would be remiss if I didn't mention our newly formed action committee. Their efforts were truly unbelievable!!!! They helped put pressure on the administration, BOE and had residents questioning on why we did not have a contract. Their efforts help push the administration into an agreement with us. So, we now have a new weapon!! Thank you to Terry Krumbach, Justin Assisi and your team for your dedicated efforts!! Please keep this committee going and growing! I am very proud of the union we have become.

We have become united for a cause so let's not forget this and let's keep initiating other events to engage other members and connect with the community to build relationships that help us with future fights. I hope you all attend the upcoming meetings and vote at the ratification meeting.

Sincerely,

Vin Nesci
